# ON CANNON'S FALL

Northeast Citizens' Association Deplores Outsing of Superintendent Wood.

Claiming that the defeat of Speaker Cannon will work for the good of the District, the Northeast Washington Citizens' Association last night adopted Sowerbutts, secretary of the Association, congratulating Washington on the pleasure of a prospective change in the Speakership of the House."

The resolution was not adopted without opposition, several of the members being of the opinion that they should

out opposition, several of the members being of the opinion that they should wait until Mr. Cannon had entirely lost his ability to "kick back" before a mo-tion of this kind was passed. But, after some spirited debating on the subject, the resolution was adopted. Another measure which met with ap-proval was the one deploring the dis-charge of former Superintendent James Wood, of the Street Cleaning Depart. Wood, of the Street Cleaning Department. This resolution was passed unanimously, a large number of the members of the Association saying that they were very much opposed to the ousting of Mr. Wood and the bringing in of an outsider to fill the vacancy. Attention was also called to the pres-

ent state of affairs in the assessment of taxes in the District, members de-claring that the rate has been increased 12½ per cent by the present board on property which is decreasing in value.

#### Cannon and Clark Urge Increases In Pensions

Speaker Joseph G. Cannon and Representative Champ Clark of Missourt, Speaker-elect of the House, were the yesterday evening. He could not at speaker-elect of the House, were the principal speakers last night at the Lincoln memorial services held in the First Congregational Church, under the auspices of the Department of the Potomac, to leave the Home for the Aged. pices of the Department of the Potomac, G. A. R. Both advocated pension in-

Speaker Cannon especially was insistent in advocacy of taking care of the old soldiers who fought for the coun-try's cause and who, he declared, would be almost extinct ten years from now. Last year death took 35,000 of them off. He denounced the statesmen who op-posed increase of the pension fund.

## Woman Hit By Car Last

Physicians today pronounced Mrs. Elia Lantz, 520 Third street northwest, who was struck by a street car at Third and D streets northwest yesterday evening, as out of danger. It was at first thought the woman had sustained internal injuries. An examination showed her right hip and body had been painfully bruised.

Macadamized Road, Electric Line Extension, and Better Lights.

A macadamized road between Langley, Va., and the Chain Bridge will be an early improvement if the efforts of the Georgetown Citizens' Association are a resolution suggested by Samuel productive of results. A committee has been appointed to canvass the business men of the District for funds, the assoclation subscribing \$50.

At a meeting last night R. N. Harper, f the Washington Board of Trade, advocated the building of the road and also the extension of the electric line to Leesburg, Va. He declared that most of the benefit of this extension would ccrue to Georgetown business interests. The attention of the members of the association was also drawn to the fact that several portions of Georgetown are very badly lighted and that several bold hold-ups which have recently taken place in these poorly lighted sections would have been impossible had the street lamps been better attended to.
